Isle Of Enchantment (Rourke's World Adventure Chapter Books)

Synopsis

Tomi and Marisol's lives aren't like most 12-year-olds. Having parents who are traveling researchers can make having a regular life tricky. The cool part is that they have friends all over the world and get to have amazing adventures! Puerto Rico does sound tempting especially when battling a cold, Chicago winter. Who wouldn't enjoy swimming in the ocean and lounging on the beach? Except that's not exactly how things work when you have a scientist and a historian for parents. The twins are packing their bags and traveling so their mom can study the Antillean crested hummingbird in the rainforest. Tomi and Marisol like a good adventure, but sometimes end up where they shouldn't! These adventure books are perfect for your fluent reader. They develop independent reading through longer, complex sentences, rich vocabulary, and minimal illustrations. Explores cultures and countries around the world Addresses social issues such as friendships, family, and growing up Extensive back matter"
