It is surprising how little most people know about the life of the prophet Muhammad. Hazleton sets out to rectify that in this eminently readable biography. Relying on two biographies from the eighth and ninth centuries, as well as other sources, she presents Muhammadââ \neg â,¢s life as both

history and story. It begins with a moving scene: Muhammad alone in the barren mountains, at night, praying and waiting. Who he is and how he came to be there are revealed in chapters that show him as an orphan in need of protection, as a young camel driver appreciated for his fairness, as a prophet touched by Allah, and as a political leader driven to bring the message to all those with ears to listen. The beauty of Hazleton \tilde{A} ¢ \hat{a} $\neg \hat{a}$,¢s book is that she portrays Muhammad throughout his life as a living, breathing man with the hopes, fears, struggles, and the monumental blessing and burden of knowing he has received divine knowledge. Does she delve into psychology to bring about a fully realized portrait? Yes, but respectfully so, posing more questions than she answers. A highly readable, insightful biography. --Ilene Cooper --This text refers to the Hardcover edition.

A¢â ¬â œSpirituality and Health"Among the spate of recent biographies of the Prophet Muhammad, this one stands out. Hazleton, a former Jerusalem-based journalist and a psychologist, brings both of her professional skills to bear in this perceptive work, examining Muhammadââ ¬â,,¢s life within its historical context and offering insights into the struggles of the early Muslim community. Indeed, 'The First Muslim' might be considered a preguel to her celebrated 'After the Prophet: The Epic Story of the Shia-Sunni Split'. Hazleton¢â ¬â,,¢s mining of the earliest biographies of Muhammad has yielded anecdotes that even scholarly Muslims may not know (although the absence of discussion of Muhammad $\tilde{A}\phi\hat{a} - \hat{a}_{,,\phi}\phi$ s last sermon may be missed by some). 'The First Muslim' is a beautifully written and dynamic work that Muslims, those wanting to learn more about Islam, and lovers of the English language will enjoy." â⠬⠕ Asma Hasan, Saudi Aramco World"Vivid and engaging... a fluid and captivating introduction that will be invaluable for those seeking a greater understanding of Islam's message and its messenger." ¢â ¬â œPublishers Weekly"Winning... a level-headed, elegant look at the life of the prophet amid the making of a legend."

With today's headlines about Muslims I wondered about Islam and recognized I did not know much about Islam. This book gives an easy introduction into the beginnings of Islam. I liked it because after reading the book it provides the reader with an option to either go deeper into the subject or leave it as is.

Hazleton has really done us a great favour by giving us a true picture of the Messenger as a result of her intensive research... I wish she could do the same on JESUS of Nazereth.

Loved this book. As a Muslim myself I loved reading things I had never heard growing up, and especially more from the perspective of a non Muslim. The writer did a lot of research and she cites all her sources. It's a great unbiased view of one of the most important men in history. Great story even for Muslims.

Wonderfully written. Imagery was beautiful. Felt like I was there in that time in Arabia.

nice book, and new point of view from none-muslim

I am grateful to Lesley Hazleton to give us such a book on Prophet Muhammad. As a Muslim I grew up learning about Islam and the prophet but this is the first time I am able to learn about the person, his own struggles and triumphs. Things make so much sense to me now, I am now able to relate much more, and feel compassionate about this great man and his teachings. Those who wants to really understand beyond the rituals and the bigotry could be hugely benefited from reading this book. If more people could read it with a open heart the world would be a much better place. Backed by the vast research and the art of language this book has been a great companion for me for the last 2 months. I feel fortunate to have such an opportunity.

Interesting pure historical biography, based on mainly two sources; with reasonable situational context without the emotional embellishing... A good read in deed. Thanks, Lesley.

I like it
