Wonderful book! My husband has been itching to take a road trip to Orlando for many years. Now that we have a family, this is going to be a great resource. Wish I had this when I was a kid. It would have made family road trips to Disney much more enjoyable. Sometimes it's just not about the destination -- it's also about the trip there. The author supplies great ideas and fun side trips to take. It is a must-have for any parent driving to Disney.

I'm always looking for hidden gems and points of interest when we are roadtripping. I love how this

book shares the exit numbers with the specific attractions along the way. You can make the most out of your stops along the way to your destination with the hidden gems listed in this book. The travel journal and notes area at the end of each chapter is perfect for highlighting your visit or keeping track of the places you want to visit. Perfect gift for families or Roadtrippers.
