Shinto (Religions And Religious Movements)

Synopsis

Archaeologists have found the religious impulse to be a primary feature of almost every civilization in history. *Religions and Religious Movements* explores how this impulse has played out throughout the world. Each volume in this new series uniquely focuses on one religion, examining its development through primary and secondary sources. An in-depth introduction is followed by an exploration of the origins of the religion -- including profiles of its most notable leaders and definitions of its foundational beliefs. Each volume then traces the religion's evolution throughout history, illustrating how it has been practiced and spread through the world. After highlighting how it has changed across time, final chapters discuss controversies and challenges presently facing the religion, as well as issues expected to arise in the future.

Book Information

Series: Religions and Religious Movements

Library Binding: 224 pages

Publisher: Greenhaven Press (May 12, 2006)

Language: English

ISBN-10: 0737725753
