Customer Reviews

These maps are easy to read and have the Rand McNally quality I have depended on for years. I am very pleased with my purchase and I will definitely buy from this seller again and again.

It's a map. Easy to read and detailed for the smaller roads and intersections.

I was so disappointed Rand McNally. This map did not have a correct section of where a town is

located, therefore we had to drive miles out of our way and when looked on Google maps, the town and road were labeled correctly!

It's a map for our old school friends. They won't have data here in the USA so a map will help.

Love these maps when traveling. I use our iPad but use the map when I'm researching stuff and things to see on the iPad. They are definitely easier to read. As I get older a regular map is tough to read even with glasses.

larger than I thought it would be

Great map for good price, somewhat thick when folded but it is a big map, easy to read and good quality. I received item pictured. Great for emergency kit, just encase.

Great map!
