Customer Reviews

Lots of sophisticated words, I just wished it was organized a little differently or at had at least an

index.

This word book is fun to read in my spare time. I don't consider myself an intellectual, but I do try to enhance my knowledge. At almost 70 years, I need to keep my mind active too.

I have always trusted Roget's and this is no different. When I want to sound superior, I just pop open the book and voila! Before me is a cool-ecion of words ready for our next keffeeklatsch. Or Facebook. My only complaint is that the listing is a bit restricted. And not nearly as easy to use. Plus, sadly, it holds no candle to the Internet and its vast resources. However, when working on projects requiring web-avoidance, having a reference book such as this indispensable.

Hmmm so so

Disappointing. A word like miscellaneous is not included. Why?

Great product and great seller. Thanks so much!

Everything we could ask for. All words requested so far have been found and used in essays or stories I write for my own amusement. Wonderful.

Now I am more eloquent
