My Life In His Hands: Based On A True Story (The Sarah Rosmond Story Book 1)

Synopsis

Unfortunately abuse happens everywhere and can come in all shapes and sizes, sometimes it can happen right in front of us and we still won't see it, or maybe we just choose to ignore it hoping that one day it will go away on its own. This is my true story about living with a monster, a monster that only those in my household would have ever had the unfortunate chance to meet, the monster I called my daddy!!! We cannot choose who we are related to, but we can sure as hell despise them. My story is hard to read in parts I am not going to lie, but was even harder to live it. It has taken 35 years but I am living proof that just because your life starts out feeling pointless and a punishment that you don't have to accept it. As an adult, you are the only person in control of your life and only you can make the changes if they are needed. My life was in his hands for a long time!!! Now you have a chance to hold my life in your own... If my book can help just one person, then I feel that my horrible childhood might have a purpose and not just be a punishment. I will say that I have no regrets, what happened in my life has happened and can never be undone

Customer Reviews

This was a good and informative story but I can't get over the horrid grammar and spelling issues. It is like this book was written before the age of spell check. I have had such a hard time keeping up with understanding what is going on in the book because the wrong word choices and the spelling and grammar are so bad! Be warned that you will need to pay attention to get over all of these mistakes and it is very difficult to read the book. If these issues were fixed, it would be a great 5 star book. Maybe this issue is only on the Kindle edition (which I purchased instead of the book itself.) It just really is terrible all the mistakes that are present. I am generally forgiving of a few mistakes but this is so bad I can't go 1 paragraph without seeing at least 3 major mistakes! Please get the kindle edition together and written correctly before releasing it.

There is no way that I could have made it through that abuse. Read the book.....you won't be able to put it down.

Such bravery to share your story. Couldn't put it down despite bringing up memories of my own. Keep writing and helping. We need to be heard. We need to be believed. Peace

Terrible grammar - this book has not been proof read. Good story in there but had to give up due to terrible proof reading

I picked it because I like books that I can relate to so I'm going to read her next book.

I felt bad for Sarah throughout this entire book. It's nauseating how much she had to go through. And she never could get the help that she needed. I was sad that the sick man claiming to be a father never got punishment for his wrongdoings. I would have given this five stars, but there were just a lot of typing/spelling errors. Not that big of a deal really. It was a good book and I will read her next one!

This book serves no purpose and has very little the way any skill. The complete lack of anything close to correct punctuation makes it nearly impossible to read fluently. The spelling is a complete joke, vocabulary at about a 2nd-grade level and complete ignorance of grammar. I am not sure how this could possibly even be passed off as a "Book" or as writing period. I was not able to continue reading this due to the poor writing and suggest that you not waste your time on this.

Too many errors. Everyone knew what was going on and no one did anything about it. Wow!!!! I wished there was someone with a backbone. The father and mother along with Wayne should be in prison or rotting in hell.
