I thought I knew everything about Roswell--before I picked up this book! I was shocked at how much I didn't know. It's jam-packed with every little factoid possible.UFO Research and Investigation: How much do you really know about the crash of '47? This section starts off with you as an FBI agent, being tested on how much you know about the crash, and the suspects living in Roswell. Better study hard, or you'll end up with a desk job!The Real Investigation: More questions about the different characters. Are you as informed as Nasedo, or are you as in the dark as Kyle?Friends,

Lovers, and Enemies: Do you know what the terms Candygirl, Dreamgirl, and Stargazer refer to? If not, you'll be in trouble in this section! Do You Remember When?: How good are you with dates? This section covers dates ranging from the UFO crash in 1947 to Liz's first diary entry. Episode Highlights: If you missed any episodes from season 1, this chapter could be tough. It asks questions about each season 1 episode--fill in the blank! Grand Total: This is the section where all your totals are calculated! Are you a True Believer, or just a Tourist? I didn't do very well the first time I took the quiz, but I've done better each time I've taken it. I'm definitely a True Believer! This book is a must-have for any Roswell obsessive! As an added bonus, there are also color photos of each main member of the season one cast.

If you are a huge Roswell fan, get this book. It is packed full of questions and answers and 8 pages of pictures. It is a small paperback book but a lot of info inside.
