Day And Overnight Hikes In West Virginia's Monongahela National Forest

Synopsis

The heart and soul of wild, wonderful West Virginia, the 900,000-acre Monogahela National Forest is a natural getaway for outdoor enthusiasts of every kind. But the best way to see all "the Mon" has to offer remains by foot. You'll agree with every footfall under the forest's stately cherry trees, passing through valleys of rhododendron where waterfalls roar among misted woodlands. Each trail description offers commentary on what to expect along the way and rates each hike for scenery, trail condition, difficulty, accessibility for children and solitude. Easily carried in your pocket, this book provides directions to more than 30 day hikes and 10 overnight hikes in the Monongahela National Forest. Some classic hikes are included, like High Falls and Seneca Rocks, but most will steer you off the beaten path - where you'll find more solitude and infrequently visited sights. The exceptional beauty and peace of mind found on these hikes just can't be experienced from a climate-controlled automobile.

Book Information

Paperback: 160 pages

Publisher: Menasha Ridge Press; 1st edition (May 1, 2000)

Language: English

ISBN-10: 0897323181

ISBN-13: 978-0897323185

Product Dimensions: 8.9 x 4.4 x 0.4 inches

Shipping Weight: 7.8 ounces

Average Customer Review: 5.0 out of 5 stars 3 customer reviews

Best Sellers Rank: #1,603,002 in Books (See Top 100 in Books) #6 in Books > Travel > United States > West Virginia #1354 in Books > Travel > Food, Lodging & Transportation > Parks & Campgrounds #2001 in Books > Travel > United States > South > South Atlantic

National Forest. Some classic hikes are included, like High Falls and Seneca Rocks, but most will steer you off the beaten path - where you'll find more solitude and infrequently visited sights. The exceptional beauty and peace of mind found on these hikes just can't be experienced from a climate-controlled automobile. (4 1/2 x 9, 160 pages, maps)

I just got back from a hiking/camping experience I'll never forget. I'd never been to the Monongahela, or "Mon," as it is known, but when I saw this new hiking book I thought I would give it a try. The first hike, to Rohrbaugh Overlook, in the Dolly Sods, stunned me. Have you ever just known you were in the right place at the right time? That's how I felt, while looking over the Red Creek Valley surrounded by rock outcrops jutting from green forests. After a little national forest camping, I headed down to the Cranberry Wilderness, enjoying Molloy's Middle Fork overnight backpacking loop. The Middle Fork Cranberry River flowed clear beneath stately yellow birch trees and when I got up to the highcountry, the scent of spruce trees provided an aromatic backdrop for a night beneath the stars. Unfortunately the work bell rang and I had to return to Pittsburgh, but with 31 other day hikes and nine overnight backpacking loops in this book I shall return to the "Mon" many more times. This is a very useful and interesting book... perfect for anyone considering hiking in this area!

West Virginia's Monongahela National Forest is the mid-Atlantic's best kept secret. Sure, there are a few popular destinations, like the Dolly Sods, but there are so many other places to go in the "Mon". But with over a million acres of land, it's hard to figure out exactly where to go. That's where Mr. Molloy's new book comes in. It has there and back day hikes and overnight loops. It rates each hike and then gives a running narrative of the trail you are on. What is really nice, in my opinion are the concise directions to each trailhead, saving time and getting me to where I really want to be, and that is on the trail.

Recently, I visited Monongahela on vacation with my wife. What a truly fabulous place, rich in flora and fauna. And we used this book to guide us through. Each trail description (choose from 30 day hikes and 10 overnight) offers commentary on scenery, trail condition, difficulty, accessibility for children and solitude.
