The Adventures Of Pinocchio (Le Avventure Di Pinocchio) (Biblioteca Italiana)

Synopsis

Perella's translation and introductory essay capture the wit, irony, ambiguity, and social satire of the original nineteenth-century text, finally reclaiming Pinocchio for adult readers. It also represents the first time the whole story has appeared in English. This bilingual edition includes over 130 drawings by the original illustrator, Enrico Mazzanti.

Book Information

Series: Biblioteca Italiana (Book 5)

Paperback: 510 pages

Publisher: University of California Press; 2nd The Original Illust ed. edition (August 31, 2005)

Grade Level: 3 - 6

Customer Reviews

"Perella's opening Essay is no mere 'introduction

PRAISE FOR THE FIRST EDITION: "The best English translation."—Franco Fido, Harvard University "A literary masterpiece. Perella's translation is excellent and is unlikely to be surpassed."—Ernesto G. Caserta, Duke University "The real Pinocchio offers pleasures never hinted at by Disney.... A masterful blend of realism and fantasy."—Voice Literary Supplement "Perella's opening essay is no mere 'introduction'; it is the fullest exposition of the novel ever to appear in English.... Enormously rewarding."—The Pinocchio Catalogue

I found this book to be fantastic. I heard it originally back in fifth grade when our teacher read our

class this classic. How surprised I was to see how totally different the Disney's version was to the original story. It is truly sad to see a classic like this "kidified" into the cute little story made by Disney. But look at the Little Mermaid...the same thing happened to that story. This book is a classic, and it is great to see there are those dedicated to preserving it as such. This story should remain untouched. I highly recommend it to all readers, especially adults, for as the author says, it is more of a book for them than children. This version has it both in the English and Italian text with an excellent essay on the history of the story as well. Truly an education as well as a good story. Enjoy.

good quality, decent delivery time, and it was pretty fascinating to see how dark the original tale of Pinocchio was. Granted, the Disney films had some dark moments if you sat down and chewed on it, but they fail to get as heavy as the original can get. So, if you're interested, I would recommend taking a book, or least buying a copy.

This review is for the Perella translation. The Blue Fairy. Esoteric allegory. Stick of wood as child wanting to be a boy and the boy as an obedient stick of wood we call Citizen. Not a children's book by any stretch of the imagination or interpretation. The Blue Fairy and the coffin scene with ravens haunted me for years. It is appalling what Disney did to this story (and Hunchback of Notre Dame).

This edition stands perfectly well on its own in either language for simple enjoyment of the story and prose. It is also a useful learning resource for the intermediate to advanced student of the language. I suggest that you listen to *Il Narratore* audiobook tape or CD while you read the text in Italian and then in English. The side by side page format is perfect for this technique. I am on my second iteration and I think I am actually learning. Do not let the 1883 date of original publication bother you. The language seems contemporary and the idioms are thoroughly footnoted. Be ready for a lot of *passato remoto* in the first and third person singular (this is after all a literary tense) and many very colorful verbs. Forget about Disney or any English language kids' editions. This is real literary fiction. The translator's opening essay provides social, linguistic and historical context if you're interested.

Such a great novel and now available in dual languages. I am learning the Italian language and this is a great tool. Read a great book and learn at the same time.

Since I am in an Italian speaking group in Brunswick, this bilingual copy was the perfect thing for us

to use in our discussions. Many of the words used by the author are quite unusual; the English helped us to move on and to learn new words and expressions.

This particular book came to me in GREAT shape and is just a delightful story..If you're not familiar with the original PINOCCHIO, pre-DISNEY, do yourself a favor and find a copy, this one is in ITALIAN and ENGLISH..

This original bilingual edition of Collodi's Pinocchio is great adult reading. It is loaded with lots of whit and colorful language. The english translation matches the Italian very well, making it easier to understand the Italian.
