Colorado Hut To Hut, Volume 2

Customer Reviews

This book has a lot of great information regarding different routes to take to various huts. Rates the trails and difficulty of the ski terrain in the area. It also provides other sources to look for more detailed information regarding specific routes, numbers for reservations, and other useful information. Great general overview book and when looking for back country skiing area in southern Colorado and for beginners in alpine touring.

This book is terrific! Each tour has a trip summary with time, distance, elevation, avalanche hazard, and maps, with icons showing the type of trip. The book is filled with color photographs and color topo maps (reduced to 1 mile = 1 inch). Vol. 2 (this book) covers the San Juan Mountains and Crested Butte Area in 31 trips and 232 pages. See also volume 1, which covers Northern & Central Colorado, including 10th Mountain system.

A must have for Vol. 1, I also like the maps and detail of route finding. It also has the "Dog Friendly" hut listed.
