John Nettles is obviously quite an historian. this book is informative and paints quite a picture of a very colorful people with a lot of ripping stories to tell and a lot of history that touched lives in Great Britain and abroad. I enjoyed watching Nettles as an actor who carried Midsomer Murder through, what? 21 seasons! With his attention to detail and enticing phraseology, he solved every single murder in that fictional, but dangerous place! He writes just like he acts.....worth the read.

John Nettles has written an exciting and remarkable book about Jersey, I knew nothing of this part of the world but am learning quickly. Mr. Nettles has proven to be an excellent actor and a writer too. Quite an impressive gentleman.....Love him.....

The book was well written and informative. For history buffs it is a good read. The part about Lily Langtry was very interesting.
