# The Thirst: A Harry Hole Novel (Harry Hole Series)

## Synopsis

#1 International Best Seller In this electrifying new thriller from the author of *Police* and *The Snowman*, Inspector Harry Hole hunts down a serial murderer who targets his victims . . . on Tinder. The murder victim, a self-declared Tinder addict. The one solid clue "fragments of rust and paint in her wounds" leaves the investigating team baffled. Two days later, there's a second murder: a woman of the same age, a Tinder user, an eerily similar scene. The chief of police knows there's only one man for this case. But Harry Hole is no longer with the force. He promised the woman he loves, and he promised himself, that he'd never go back: not after his last case, which put the people closest to him in grave danger. But there's something about these murders that catches his attention, something in the details that the investigators have missed. For Harry, it's like hearing the voice of a man he was trying not to remember. Now, despite his promises, despite everything he risks, Harry throws himself back into the hunt for a figure who haunts him, the monster who got away. **STARRED REVIEW** "Exceptional . . . Nesbo depicts a heartbreakingly conflicted Harry, who both wants to forget the horrors he's trying to prevent and knows he has to remember them in all their grim detail." --Publishers Weekly

## Customer Reviews

After 11 books Jo Nesbo can still manage to keep you on the edge till the very last page without spoiling the atmosphere.

Always a very good story line, full of action and twists. A loose end I would have liked answered but that's for the next book.

4.5 / 5..Jo Nesbo you did it again !!!! You captured me and entered me again in the mind of another murderer...YeihhhhOn this occasion we are behind the vampirism, a murderer who leaves a trail of deaths, but also leaves blood between their bodies, It was really a vampire at Oslo?I felt reconnected with my old friend, although I think I'm already in love with him like all the girls that`s relate with Harry Hole. Harry helped me to see that you have to make decisions that can change your life for better or for worse. Harry, returns as t a request from Police Chief Department to help the new police station to investigate these crimes. Always had a lot of action-packed histories that engaged you till the very end. Harry, I had missed you so much!Thank you Jo Nesbo for bringing back Harry, and the lovely family.Best of all, Nesbo left the door open for another exciting Harry Hole adventure! I can`t wait

I love most all of the Harry Hole novels. When it seemed that they had come to an end, and the author was moving on to a new character, I, along with so many of his followers, was disappointed, dismayed, and downright saddened. The series is distinguished by the fine writing and depth of character the author invests in them as well as the intricate plotting and unexpected twists. Harry is a full blown individual and with all of his brilliance, there are a ton of flaws and intellectual dilemmas. This latest, while not up to the best of his outings, is so far ahead of the field that it's hard to find fault.

As always nesbos doesn't fail. This isn't about vampires as previous reviews led me to believe. This is the same quirky Harry Hole that we have read in prior books with his demons in tow. It's a chilling mystery with nice plot and well developed characters. I'd you like nesbos you won't be disappointed.

Must be crazy but, I thought Harry Hole died in the last novel. Hurray and hallelujah I must have lost

my mind. He was not. A divergent approach in this novel. All the same, the mind and reason of my hero, Harry, is still functioning and entertaining. I could become a couch potato if there were enough Harry Hole novels. Rich!

Jo Nesbo returns to Harry Hole just in time for us and I suspect for Nesbo as well. I have read all of the Harry Hole books and believe this is one of Nesbo's best. Nesbo lures the reader into thinking everything adds up before the story runs off the rails. We again see a wonderful cast of characters, drawn cleverly and flawed comically. The story? I won't say a word. After all, it's a mystery.

Harry is back! Sort of. He is ambivalent about doing what he does best, chase stone cold killers, and have a private life with Rakel and Oleg that is fulfilling and less chaotic, not to mention less dangerous. Vampirist (note, NOT a vampire) terrorizes Oslo. Will Harry solve the unknown of the identity of the killer before he strikes again? Different from previous novels in this series, the plot seems a little unnecessarily thick in some places. It's nice to see some returning characters redeemed and others scooted out even farther onto ever thinning ice. Fun read!
