The Star Wars Cook Book: Wookiee Cookies And Other Galactic Recipes

Synopsis

Boba Fett-Uccine and Princess Leia Danish Dos are just the beginning when the Force is with you in the kitchen. *Wookiee Cookies* is your invitation to fine culinary experiences in the Star Wars frame of mind. From C-3PO Pancakes to Jedi Juice Bars, this intergalactic Star Wars cookbook features healthy snacks, delicious dishes, sweet treats, and easy main courses no Rebel can resist. With hilarious photos and safety tips for cooking on Earth as well as in most space stations, *Wookiee Cookies* even includes a sheet of shiny Star Wars stickers. Age is no issue when it comes to Star Wars cuisine-kids as well as adults will have a great time with this book. Whether you drove to your first Star Wars flick or just had your fifth birthday, there's no reason you can't whip up some Crazy Cantina Chili at near light speed.

Age Range: 8 - 10 years

Grade Level: 3 - 7

Customer Reviews

"Consider, young Jedi: Why bake a plain old cookie when you can bake a super-Chewie Wookiee Cookie?" So begins the delightful *Star Wars Cookbook*. Aimed at young cooks, but fun for all ages, the cookbook provides recipes for treats such as Princess Leia Danish Dos, Twin Sun Toast, Tusken Raider Taters, Sandtrooper Sandies, and the .com house favorite, Boba Fett-uccine. (What better way to get young Jedi knights to eat their broccoli?) Author Robin Davis's directions are extremely thorough and safety oriented (as she notes, "the calm and perceptive mind of a Jedi warrior will enable you to prevent most mishaps in the kitchen"), and perfect for kids who are new to

cooking. The spiral-bound pages are lightly plastic coated, so if you spill some milk while concocting C-3PO Pancakes, it's easily wiped off. The highlights of the book are Frankie Frankeny's terrific photographs of Star Wars action figures posing with the food--R2-D2 encounters giant frozen R2-D2 Treats that look remarkably similar to him, while Darth Vader raises his fist at Bossk the bounty hunter atop a wall of Bossk Brownies as Darth's henchmen look on. And who could resist a shot of Jabba Jiggle? There's Jabba the Hutt positioned on a pile of oozing lime Jell-O®. Whether you're a Star Wars fan or just looking for a way to get the kids to feel the Force in the kitchen, The Star Wars Cookbook is great fun, and tasty, too! --Rebecca A. Staffel

Grade 3-5-Twenty-nine recipes, divided by subject, include "Tusken Raider Taters," "Yoda Soda," "C-3PO Pancakes," and so on. Really, they are ordinary, basic recipes, clearly written, and easy to make. Much prepared food is called for, from refrigerator pizza dough to Kit Kat candy bars. The illustrations are a surrealistic combination of food and Star Wars figures that are the same size as or smaller than the featured dish. The spiral binding enables the book to lay flat, the pages are plastic coated, and there are stickers in the back. Some adults may be annoyed by the coyly clever tone, but most kids will like it because it's Star Wars. Carolyn Jenks, First Parish Unitarian Church, Portland, Copyright 1999 Reed Business Information, Inc.

This was a fun purchase for a husband who has an obsession with Star Wars. Some of the recipes make you wonder, like the French toast that called for loads of milk. The brother-in-law tried making this recipe, and came out with soggy beyond all reason. Just be forewarned, the ideas are cute but be sure you test the recipes before making these for a dinner party or game night.

Star Wars fans will love this cook book filled with recipes that incorporate various SW names into the recipe name. The book features some really nice photography using action figures and the recipes, very entertaining for the fans. But the other really nice thing about this cook book is the recipes are actually very good. It's not just a novelty cook book as the recipes are well thought out and very delicious. The wookie cookies are my favorite - enjoy!!

Easy enough for a 6 & 7 year old to use. My son is very into cooking...and Star Wars. This cookbook brings both together with fun names like Wookie Cookies, etc. We have made the cookies, and they were a HIT around the house. The kids enjoyed mixing and baking them, but they REALLY liked sampling the fruits of their labors. We haven't tried the rest of the recipes yet, but they

all consist of fairly commonplace ingredients that you should be able to purchase at your local grocer at any time of the year. I believe the hardest ingredient for me to find was Lime Sherbet for the Yoda Soda.

This cookbook has simple recipes with fun names and cute pictures. I bought this as a way to entice my kids to cook once a week. They love this cookbook the most out of the ones that I bought. The recipes are simple, kid friendly. They have fun names and great pictures, everything a kid wants in a cookbook. We've made the TIE fighter ties (basically pigs in a blanket), Han-burgers (burgers), and R2-D2 Treats (a dessert concoction involving frozen bananas, kit kats, and white chocolate, that didn't work as well as I'd hoped), and the Wampa snow cones (granita of sorts, that came out pretty well).

This was a cute cookbook, but only for a child. The recipes are fairly juvenile. Some are a little more adult, but most are really for a child. The cookbook is spiral bound, which is nice. The text and illustrations appear to be aimed toward a child. It's cute and the recipe names are really funny. Any child who's a Star Wars fan would love this.

Grandson (age 10) enjoys trying new things from this book. He feels how bad could it taste if it a Star Wars recipe.

I ordered this for my adult son who is an avid Star Wars fan. I do believe I'll be trying some of the recipes before it gets tucked under the Christmas tree! All recipes are written so an older child with supervision can use & have fun & be proud. I recommend!

Cutest cook book ever! I gave this for a gift for a 10 year old boy but flipped through it before hand and fell in love with it. I would totally order one for myself being a Star Wars geek and someone that loves to cook.
