## Customer Reviews

12 year old loves this whole series. I can not say what it is all about. You have to read it from the back to front (you'll see) takes a little time to adjust

Great drawings like this author. Story is sad, sweet, and at times funny. The whole series about support and loyalty of friendship and family. But mostly I think it is about acceptance - real acceptance of who the characters are and will become. I only have 2 manga collections because this isn't my choice for reading but i like this one 'Fruit Baskets' and 'Story of Saiunkoku' manga. I bought these because reading online isn't my preference and I like the art work it is different for me but I understand common for the genre of MANGA.

Volume 20! Of all mangas/animes, I feel that Fruits Basket has received the biggest production and purchase rates around the world. The storyline is complex and definitely twists in unexpected ways. There is a peculiar cast of characters within these pages, where each member of the Sohma family represents an animal in the Chinese Zodiac. Living among the Sohmas is a young and kindhearted girl named Tohru Honda, who is simply adorable and responsible for herself and others. She has discovered the Sohma family's "curse" and is trusted to not let anyone else know. Tohru, being herself, keeps her promise (as of volume 20, anyway) and doesn't share anything about this secret with anyone else. I'm not a manga fan at all, but I currently own all 20 volumes of this series, and absolutely love each and every panel of every page. I also think the book provides life lessons to younger readers, but still maintains a level of maturity for the older readers to get into. These mangas were introduced to me from a friend, and I'm 100% pleased she forced me to read the first volume. Since that day, I haven't put down the books until I ran out of pages, only to wait for the following volume to be released. If you're a hardcore manga fan, buy and read this. If you know someone who is in manga/anime books, I suggest this as a gift. Before you know it, you'll be buying the other 20 volumes, too! =D

My kid loves this series!

Love it!!!
