# Devil's Homecoming: A Post Apocalyptic EMP Survival Fiction Series (The Blackout Series Book 6)

## Synopsis

Build. Destroy. Rebuild. The dawn of human existence has proven ...we are warlike creatures. Civilizations are built, then they're destroyed. After destruction, will you have the tenacity to overcome obstacles and rebuild? Your fellow man may be the biggest hurdle because Hell is empty and the Devils are all here. This fast-paced post apocalyptic dystopian fiction series from author Bobby Akart (The Boston Brahmin series and the Prepping for Tomorrow series), has been hailed as a masterpiece of EMP survival fiction. Prepare to learn, as well as be entertained as The Blackout Series continues with SHILOH RANCH. In book one of this new post-apocalyptic survival fiction series, 36 HOURS, the reader was provided a glimpse into the rapid decline of society once word of the catastrophic solar flare racing towards Earth began to spread. Book two, ZERO HOUR, thrust our characters into the perils of a post apocalyptic world. At Zero Hour, an EMP caused by a massive solar flare left America in darkness. The Ryman family, who weren't preppers, applied common sense, logic, and a will to survive to their decision-making as they faced their death, their neighbors, and the depravity of man. In book three, TURNING POINT, the characters face a life altering decision - should we stay or should we go? The oldest and strongest emotion in man is fear, and the strongest kind of fear is fear of the unknown. Will Americans flee the urban centers, the proverbial golden hordes, for the countryside? Will it be safer than the cities? TURNING POINT will lead the Ryman family into a complex, inexplicable world where danger lurks around every bend. SHILOH RANCH brings the Ryman family to their bug-out location where they quickly learn that the grass isn't always greener on the proverbial other side of the fence. They quickly learn that there is one constant in a post-apocalyptic world - the threat from their fellow man. But without taking a risk, there cannot be reward. But what happens when you cross the line? In HORNET'S NEST, book five in The Blackout Series, the Ryman family nearly lost one of their own but they came out stronger and rallied around a purpose. Evil must be eliminated from their small, adopted community in order for peace and order to be restored. The family, together with other residents of the small southwest Tennessee community band together to defend their home and turn the tides on the murderous rogues among them. Their attention is then directed towards rebuilding. In the final installment of The Blackout Series, DEVIL'S HOMECOMING, an unexpected turn of events deals the rebuilding effort a near deadly blow as the United States Government, in the form of a FEMA occupying force, descends upon Savannah. The FEMA battalions leader is hell-bent on revenge and he is proof that in a post-apocalyptic world, hell is empty and all the devils are here. Note: This book does not contain strong language. It is intended to entertain and inform audiences of all ages, including teen and young adults. Although some scenes depict the realistic

threat our nation faces from a devastating solar flare, and the societal collapse which will result in the aftermath, it does not contain graphic scenes typical of other books in the post apocalyptic genre. ## Customer Reviews

Devils Homecoming brought my favorite post-apocalypse book series to an end. It's very well written and takes readers on an emotional ride. This book, and series, show the very best and very worst of mankind and I'm afraid if some version of this book series came to life it would look just like this. Bobby created villains I really truly hated. So many times I was yelling "just kill them already!" because I was frustrated at the pain they could inflict. I definitely didn't see the exact conclusion coming. I knew we'd lose someone important, but didn't expect it would be who we did lose. Bobby has wrapped up this series wonderfully and I'm sad to say goodbye to the Ryman family, but excited

to see what he has in store for us next!

Devil's Homecoming was the end of the Blackout Series. Throughout the books Akart shows the spirit of America --the good, the bad, and the ugly. He made me feel like the bad guy because in reading this ending I forgot the moral high ground and made myself like the people the Ryman's were fighting against. I wanted to kill Ma and Junior. Physically, crawl into the kindle and shoot them. I forgot the consequences. It takes a good writer to build up characters that we as the reader can relate to. I felt like I was actually involved in the story. We learned their faults and strengths. A hard lesson to learn is it doesn't take age, experience to know not only talent but to accept their strengths and weaknesses and use them no matter their age, gender or experience- it is the bonds of friendship, love, human nature and survival that makes one succeed as a group. Devil's Homecoming and the Blackout Series reflects good writing, good editing and a story that makes you want to read it again and tell your friends about. If at the end of a book if I am not able to genuinely reflect on what just transpired, I have wasted my time. Not with Bobby Akart's books. He is a very clever writer, highly enjoyable, entertaining and thought provoking. He leaves me thinking "How would I handle the situation?" Super family friendly. My family have never been avid tv watchers. We read books. This series would be something to read to each other in the evenings because it brings up so many questions on what you would you do, why and why not. So, five stars it is. Well, maybe 8.

I discovered the Blackout series when the third book, Turning Point was released. I had read the blurb and thought it sounded interesting so I immediately bought the first book, 36 Hours. I devoured that one and bought the second right away! I was very impressed how Mr. Akart took a possible catastrophe and turned into a story about the survival of a family of three and their journey through a world that had gone to hell in a hand basket. The Ryman family consists of Colton, his wife Maddie and their daughter Alex. They are everyday people that had no idea what prepping for an emergency even meant but soon learned. When the EMP hit and the grids went down their journey of survival began and what a journey it was. With their neighborhood being threatened by gangs taking over, they decide to hit the road and head for what they hoped to be the safety of a friends place many miles away. What they encounter along the way has them making decisions they never dreamed of having to make but in this kill or be killed world that now exists, they do what they have to in order to keep each other safe. They learn quickly and the hard way that you can trust no one out on the open road and with that mind set, they continue on. Once the family had reached its final

destination after many close calls, all seemed idealistic until a force that they had run into on the way comes around, ruining what had been the perfect utopia. Once again the Rymans must face a foe but this time they have friends to back them and the fight for their lives is on! In this, the final book of the story, blood is shed and lives are lost and I cried many tears. This emotional roller coaster of a ride with this series was coming to an end and I had no idea which way it would play out. Would the many characters that I had come to love lose the battle or would they reign over the evil that was trying to end what they had been fighting for? I found this to be a fitting end to the series when I read that last page. Bobby Akart ended his magnificent series with just the right touches and Oh yeah moments. As I leave this series with many emotions playing with my psyche, I look forward to many more stories that this author has to offer. His knowledge of survival tactics has taught me a lot and I hope to learn much more from him in the future. Thank you Bobby Akart, for many hours of entertainment and your dedication to help those of us who are just learning how to be a prepper, be more prepared for, if and when we need to bug out!

".....always lead the way." Alex is told at the conclusion of Devil's Homecoming. And lead the way she has in the struggle to find a place to call home. And thus ends the final chapter of an absolutely stunning series of books. Devil's Homecoming is the conclusion of a story of survival, of family, of grit, of learning to overcome "the depravity of man". Bobby Akart has again given me the privilege of learning from his words, to feel the emotion of his characters and to laugh, cry, and mostly rejoice in their victories. To stand and fight for what is right, to lead the way toward what is most important, freedom. I can truly say this series has been a joy to read. Thank you Bobby. I am already anticipating your new journey- where will you take us, what will I learn? As a side note, my husband and I enjoyed the Blackout Series so much we took a vacation last month, traveling the path Alex and the Ryman family took from Nashville to the TN River at Shiloh. Fascinating. historical, beautiful piece of America. Photo is of Cherry Mansion in Savannah TN.
