# Hope Through The Darkness: How To Get Control Of Your Life And Be Optimistic Even When The Diagnosis Is Scleroderma

## Synopsis

The trials of life can become new pathways to finding your purpose, leading you to your true destiny of becoming all you can be. Lois Bieniek takes you on a journey through her diagnosis of systemic scleroderma. Her straight-forward and down-to-earth writing style, along with her deep commitment to finding alternative treatments will encourage and motivate you. All proceeds of this book will be donated to scleroderma research.

## Customer Reviews

Lois Bieniek resides in Michigan in the metro Detroit area with her husband, Marty, of 42 years. They have one daughter and 2 grandchildren. She loves reading anything about self-improvement or books that inspire. Writing has always been her passion which brought her to the point of writing this book. Her numerous interests include walks along the ocean, lazy river rides, dancing, kayaking, traveling, listening to music, watching love stories and action movies. Getting together with friends really lifts her spirits, along with watching shows where nice things happen to deserving, good people. She loves to do whatever she can to help others as long as her health permits.
