Kaitlin Moore once did a back walkover on the balance beam without falling off. This is still her proudest moment. Unfortunately, she was too clumsy to be an Olympic gymnast. Once she figured this out, she decided to be a writer instead. Now she lives and writes in New York City. She can still do a perfect kick turn on the high beam.

This was perfect for my third grade students biography project. The order of the book was a little difficult, but since she was a high reader it did the job

My daughter loved this book! She's eight years old and couldn't stop reading it until she was done.

great timing on shipping, item as described

My daughter is a gymnast in 5th grade. She loved this book and asked for more!
