The Billionaire's Game ~ Kade (The Billionaire's Obsession, Book 4)

Synopsis

With his professional football career over due to a tragic accident, billionaire Kade Harrison takes on the task of solving a mystery for his brother-in-law and friend, Max Hamilton. Without his former career to fill every minute of the day, Kade's looking for something to challenge him--now that he's lost the career that had meant everything to him. But what starts out as a simple favor soon becomes a whole lot more than he bargained for when the woman he's seeking slips away from him every time he gets close to finding her. When Kade does finally corner her, things start to get even more complicated. Asha Paritala is nothing like he expected, and the female he had tracked down as a favor for Max soon becomes a woman he wants for his very own, a woman who makes protective and highly predatory instincts he didn't know he had flare to life inside him. Kade soon discovers that he wants Asha's total surrender to the desire and passion that vibrates intensely between the two of them, but he also wants her trust, the one thing Asha's history makes it difficult for her to give. Can Kade convince her that some things are worth risking it all? Caught between two worlds, Asha Paritala is homeless, broke and damaged from a life of abuse and neglect. Born of an American mother and an Indian immigrant father, Asha was raised as an Indian woman by a foster family after the death of her natural parents when she was little more than a baby. She's spent her entire life under the control of others until finally breaking free two years earlier, and she's determined to keep her freedom, even if it means she has to struggle to survive. But when she meets Kade Harrison, her resolve is tested. After Kade helps her through a bad situation, she finds herself beginning to trust Kade as she's never trusted a man before. Kade is everything she always thought a man should be, but can she lose herself in him completely when she knows she's damaged and confused. And is it really possible that she could be a lost sibling to two people like Max Hamilton and Maddie Hudson? Asha is tempted by the possibility of family, and the irresistible lure of a man like Kade Harrison. Can a woman caught between two cultures, so flawed and so backward, really reach out and take what she wants, or will the instinct to run from the pain of her past destroy the hope of happiness for her future? Find out if two broken souls can heal each other in *The Billionaire's Game*, book 4 of *The Billionaire's Obsession* series!! This is a complete novel with no cliffhangers. 18+ due to sexual situations and graphic language.

Customer Reviews

Kade is an ex-pro football star looking for his new direction in life. He is helping his brother-in-law, Max, and friend Maddie look for their half-sister, Asha. From the time Kade and Asha meet, Kade's alpha male protector comes out in full force. Asha is of Indian-American descent. She was raised culturally as a conservative Indian in a foster family. She escaped an abusive husband and is looking to find her footing both emotionally and financially. She uses her art talents to paint commissioned murals in clients homes. Kade and Asha both conflict, and burn up the sheets (and many other surfaces) together. Given time, they both find the futures they were destined for and help each other on that journey. Another of Mrs. Scott's great stories with a HEA. Looking forward to Travis' story. Why do I expect Ally will play a major role?

I loved Allison "Ally" Caldwell...how can you not? She's so genuine. She's working two jobs while funding her fiance' through dental school AND prepping for her wedding four weeks away. Ally (28)

is absolutely wiped out with all the sacrifices she's made. But it's all worth it (she keeps telling herself)....until she finds her fiance' cheating on her in their bed! Her loser ex screwed her over and left her alone in a bad financial situation after she'd given him everything. Ally is a sweet, guileless blond beauty with striking, emerald green eyes. She's sassy with a sharp intelligence and a soft curvy body. She's every man's wet dream and is completely oblivious of her charms. She's never really lived, never done one thing in her life spontaneously. Every move Ally makes is well planned out. She's tough on the outside but oh so fragile and damaged on the inside. She hides it well. Ally suffers from low self esteem...she doesn't realize her own worth...and she works for a boss from hell. Travis "the tyrant" Harrison is an arrogant, moody force of nature. He's a cursing, obnoxious a**hole...an obstinate, complaining jackass with gorgeous dark chocolate brown eyes that doesn't miss a thing. He has raven black hair. He's serious, somber and humorless....never laughs...doesn't even smile. Travis is an intimidating SOB...he's a brilliant businessman and humanitarian who supports, funds and manages numerous charities. And even though he's an unrelenting anal perfectionist with integrity...he's also one very hawt piece of yummmmy cheeeeeze who's fantasized about making his secretary/assistant (Ally) his for over four years. She haunts him almost every minute of every day and it's getting worse. This is a fabulous very fast paced story of Ally's overwhelming tyrant billionaire boss having the hots for her and all the elation and terrifying feelings that difficult predicament brings - - knowing that pursuing such a relationship would be a mistake, leaving her to pick up the pieces of the devastating fall out. But there are only so many ways to ignore a forceful yet charming and attractive, virile, determined alpha male on the prowl! This story has little to no drama, lots of secrets and surprises. It was simple and sweet with lots of fun office attraction, "cat/mouse" chases...effortlessly quick and to the point. Brava Ms. Scott!

Love this story! Can't wait for the next book. I would love to see a followup book about all of the players.

Travis Harrison is my new book boyfriend!!! I love his story the most out of them all and that is saying a lot! If you know me you know I am a huge JS Scott fan! Let me say JS'S writing style is absolutely amazing and the way she can make you hot and cold is absolutely stunning. I highly recommend this book to anyone who loves to read steamy alpha male books! If you don't fall in love with Travis after you read this book I deem you certifiably insane! Pick this book up today :)

Travis or as he's called by Ally "the boss from hell" can't keep an assistant but Ally seems to be the

best person for him, even if he fires her every day. When Ally catches her fiancé cheating on her, she carries on without letting her boss know. When she tries to confirm the vacation she requested a year ago, they get into an argument and the rest is history. Again, I like this series - the books are similar but they have a story and its not one explicit sex scene after another. Travis and Ally are funny and I love their interaction. The family and friends group is wonderful and adds another dimension to the storyline. There is quite a bit of profanity and use of the F-bomb is prolific but its easy to ignore. I like the characters and the storyline for this series. I look forward to the next installment and I really enjoy that this is an 88 page novella.
