Customer Reviews

Pretty much preaching to the choir. Some information but not too objective.

not enough info, these should be handed out free

Doesn't quite give me the information I want.

Not enough science.

Very informative.

Could use more info on prep & measurements.....but otherwise a general read for beginners.

Interesting and hopeful read. We have two questions. Where can one purchase this product with reliability and without any adulteration . Dosage info ?

Have to read up a little more. This is something for chronic pain!
