## Synopsis

A revolutionary approach to female sexuality that focuses on relaxation as the key to achieving deep orgasmic states

- Explores how receptive feminine energy influences the male-female exchange
- Reevaluates the role of the clitoris, breasts, and vagina in achieving orgasm
- Provides ancient tantric meditations for increased sensitivity and awareness

Fulfilling sex nourishes love, rejuvenates the body, and boosts mental health. Unfortunately, prevailing attitudes in the West work against the natural capacity of women to realize their sexual potential and experience deep orgasmic states. Tantric Orgasm for Women offers women a fresh look at the ecstatic bliss possible within their bodies, using knowledge and approaches from the sensually cultivated traditions of the East. Exploring Tantra from the female perspective, Diana Richardson reveals the critical role receptive feminine energy plays in allowing orgasmic states to arise. Her 20 years of tantric research and personal experience provide readers with an understanding of how the various parts of the female body may be activated to deepen ecstatic states. Readers will learn how to re-circulate orgasmic energy; why breast stimulation takes priority over vaginal attention; the difference between soft penetration and deep sustained penetration, including how to avoid premature male ejaculation; and how women can strengthen the erection response of male partners. Tantric Orgasm for Women shows how women can exert a powerful influence on their sexual experiences when they understand the inner workings of their bodies and when they avoid adopting conventional ideas about what should be satisfying to them.

**SEXUALITY / TANTRA** Fulfilling sex nourishes love and rejuvenates the body, boosting both mental health and creativity. Unfortunately, prevailing attitudes in modern society can work against the natural capacity of women to realize their sexual potential. Using knowledge from the sensually cultivated traditions of ancient India, *Tantric Orgasm for Women* focuses on relaxation as the key to achieving deep orgasmic states. Exploring tantric sex from the female perspective, Diana Richardson reveals the critical role receptive feminine energy plays in allowing orgasmic states to arise. Drawing on twenty years of tantric research and personal experience, she shows women how to exert a powerful influence on their lovemaking by understanding the electromagnetic potential of the human body. There is more to the old adage "opposites attract" than meets the eye. When the opposing polarities of man and woman are brought into proper alignment, electromagnetic energy spreads throughout the body to create states of sustained orgasmic bliss. *Tantric Orgasm for Women* explains why breast stimulation is more significant to orgasm than attention paid to the clitoris; how deep, sustained penetration of the vagina activates the electromagnetic flow; why relaxation is preferable to excitement; and how the tantric approach can overcome the problems of premature ejaculation and erectile dysfunction that so often make conventional sex frustrating and unsatisfying for both men and women. The author also explores tantric possibilities for same-sex couples. Tantric meditations and hands-on exercises for developing awareness and sensitivity appear at the end of every chapter, providing clear instructions on how to revolutionize your approach to sex. **DIANA RICHARDSON** is the author of *The Heart of Tantric Sex* and a teacher and practitioner of holistic body therapies. Born and educated in South Africa, completing a degree in Law at the University of Natal before turning to holistic massage, she became a disciple of tantric Master Osho in India in 1979. She is now based in Europe and travels extensively with her partner, hosting weeklong retreats for couples in tantric lovemaking.

A friend shared about this book and I gave it a shot! It was an interesting concept to me. Something I hadn't heard before. I finished the book fairly quickly. 3 days about. I was a little skeptical that my husband would be open to this. I can say that this has changed our sex life and I love how in depth this book is in explaining this concept of lovemaking. She gives examples as well and helps throughout. I felt a huge change and shift once we put these concepts to use. We feel so much more connected. This book has changed my life. :) I wish I would have read this book before marriage! And I have also shared this with close friends.

Just out of curiosity, I ordered this book. I was surprised to learn that my instincts were correct regarding how I wanted foreplay. In addition, the information regarding our energies and how males and females interact was of equal interest to my acupuncturist and I. This is a great manual for understanding Sex in general as well as tantric exercises for bringing couples together.

This book is essential reading for all men as well as women to help us understand each other physiologically. It follows then that our relationship as sexual partners will deepen and grow instead of falling apart as happens all too frequently. Beautifully written and profoundly insightful!

Along with its companion "Tantric sex for men" these books provide a great basis for enriching your life, sexual or otherwise.

I Loved learning about the female perspective and how it plays a part in the male's experience.

I am a psychotherapist. This is a fantastic and easy to read book. I recommend it to all my clients, male and female. It will help a man understand his beloved, and give exercises they can do for increased emotional and physical intimacy. For a woman, it will give her ways to enhance her sexual energy, creativity with her beloved, and heal sexual trauma if that is an issue. Tender, insightful, sexy, fun, and creative. I think this is well written and highly recommend this book to all. I was member of the Boulder Sexual Healers Guild (now called Sacred Sex in Colorado <http://www.sacredsexcolorado.com/index.php>) and out of all the books we used in our teachings, this I found to be the best! A must read if you want to intensify your orgasms. You need to have a willing partner too ;-)

The BEST on tantra.
