Marianne Williamson is a bestselling author who has gained national prominence through her popular lectures based on A Course in Miracles. She is the author of several bestsellers.

I am a new student of "A Course in Miracles" and I find the Meditations on this CD for helpful. I listen to Marianne Williamson's weekly lectures, and am reading several of her books. I find that having this CD available to use the various meditations for whatever situation I am facing is especially helpful. I make it a point to use the morning and evening ones daily, and the others as needed.

5 but but for the horrendous loud 'hay house' marketing blast at the end of CD2 TRACK 10, the evening meditation-prayer, destroying an otherwise near perfect experience. The marvelous rendition of Pachelbel's Cannon (CD1 track2) for the morning meditation-prayer stands out above the rest of this 17 out of 18 winner.

I have used a lot of meditational CD's; this is one of the best. I listen to it almost every morning. It is a guided meditation but more in the form of a prayer. Marianne provides a lot of spiritual messages that provide guidance throughout the day. Her voice and the music are a perfect blend and provide a very soothing meditation. I am a therapist and recommend it to clients.

Marianne's soothing voice is perfect to guide you into meditation. Her words, prayers & encouragement are a God sent. I've been searching my whole life for a spiritual perspective that is more about spirit than religion, she's got it. This rings so true!

Marianne Williamson was recommended to me by some one and I am so glad that I took her advice. If you have trouble forgiving, calming down or just being happy even during hard times, this is the CD for you. Listen to it every night and every morning and you will have a better life. Peace and blessing to Marianne Williamson. You bring peace to my life when I have nowhere else to turn.

I went to hear Marianne speak live recently and was blown away by her candor and perspective. I was inspired to order this mediation cd and it has been very helpful and grounding. I started out just listening to the 1st cd and mostly the morning meditation. Last night I decided to listen to cd 2, relationships + forgiveness+ evening. I went to sleep with a calm and peace, knowing that I had put forth my best efforts for resolution and inner serenity. We are all going thru something in some area of life, these are great short meditations to help with your perspective and finding your own peace.

I love this cd, especially the morning meditation. I drive in gridlocked rush hour traffic to get to work. It basically takes me twice the time it should, and I noticed when I listen to this on my drive in the road rage disappears lol IÃ¢ÂÂm calm cool and collected just stopping and going with MarianneÃ¢ÂÂs voice. IÃ¢ÂÂd def recommend! Great for people that are new to meditation or people who simply like to start and end their day with positivity

This is a great cd for anyone who doesn't always have lots of time to meditate. Each meditation on the cd is only 10 minutes each. Types of meditations include a prosperity meditation, one for relationship, career, and more.
