# Haters Gonna Hate: A Snarky Mandala Coloring Book: Mandalas? Again?!? SMH: Midnight Edition (Humorous Coloring Books For Grown-Ups) (Volume 3)

## Synopsis

"Haters gonna hate, and ain'ters gonna ain't." • ---The Snarky Mandala Just because Donald Trump's campaign speeches have inspired an entire line of Swear Word Coloring Books, doesn't mean we need another coloring book with the F-bomb on the cover. Let's combine that anger and negativity, add a cup of sarcasm, a dash of passive aggressiveness, and a sprinkle of sass. Let this simmer on low, deep in your brain, for 20 minutes (or until it glows bright red). Your SNARK is now ready. As with revenge, this dish is best served cold. Popular recipients of this dish include: your boss, your mother in law, your ex, and of course, any telephone customer service representative. Happy Coloring? Shrug. ## Customer Reviews

Love the sayings, you'll laugh and want to hang them when you're done.

Love this. I bought 2 copies as gifts. The sayings are hilarious and the quality is great. Love the midnight background, it really makes the designs pop once they are colored.

I got this as a secret Santa gift for a co-worker and the pages had everyone in the office laughing. It was definitely a great buy!

Love it!

I love this book! The great big mandalas with words on the inside, you know where they are easy to read! Too many other coloring books hide their messages in a mess of floral and whatnots. Not this book. It slaps your face front and center! I love these one sided crisp images on a good quality black paper. Bonus? cute designs on the back so its not just black. I'm hunting their other books, they have great quality that I fell in love with!

I AM LIVING FOR THIS!!!! I am all for adult coloring books, I totally hopped on the bandwagon when I saw they were a trend because I love coloring and I love art. Not only that but I also love a little bit of sass. Add those 2 together and you have the best coloring book in the world! The quality of this is amazing! I was pleasantly surprised to see such a nicely made and thought out book. I really like the colors in the cover and the back of it. The material is this very smooth finish that just makes the colors pop, it's also not too hard that you can't manipulate it. I really like that it is so flexible and you can bend it if you need to. The actual quality of the papers is great as well. They are not super thin which will make the marker bleed to the other page but it is also not so tough that it feels like cardboard. It's so easy to color on with different mediums. Whether it be markers, crayons, colored pencils, etc. It will all look so beautiful on these pages. This book was so very well thought out and it impresses me. Every single page to color on has a different pattern and snarky remark. I like that they're not repeated throughout the entire book because that would get repetitive. I like that the pages are black just in case you color a little outside of the lines, no one would ever know! Not only that but the page next to it which is a "blank" page isn't really a blank page because it has some awesome designs to make you feel even more creative and inspired. The company has other books and I will be sure to check them out because I fell in love with this book and I can't wait to finish it up. Note: I received this product at a discounted price in exchange for an honest review. All

words are my own and truly what I feel about the product.

This has become my favorite coloring book to use when my children are coloring. I just for the pure fact that I can choose my mood based off of the quote inside of each mandala. I ordered several coloring books at one time. I haven't used adult coloring books before but my mother is up SAST with them and since I end up coloring all the time with my kids I thought it would be fun to try out. This one is my favorite by far because the quality of all of the pages as well as how funny they are. I ordered a few books that are actually made by the same maker. They all have this amazing velvety texture to the outer portion of the coloring book. This one is all men dollars that have some sort of "inside of the image. The pages are one side for coloring, and the back portion is a black design of some sort for each page. These could very easily be colored in nicely and then frames and an office for a funky and playful decoration. I would recommend putting in the notes for shipping when you order these two not bend them. They do not come in a package with any sort of reference about bending so several of my coloring books within a week were folded in half and shoved into our itty-bitty mailbox leaving them somewhat bed. I would've been livid if I had ordered these for gifts and they were bent in half. Review by P. Thomas- I received this product at a discounted price. My opinion isn't influenced by any discount & I would never give a five star rating just because I received a discount. I am never paid to leave reviews- I really hope what I have written has helped in some way. You can always comment with questions and I will try my best to reply.

This is a great fun book. The sayings are great and they are very easy to color. The black background is great for me. I only have vision in one eye and everything pops right out. I highly recommend this coloring book.
