## Customer Reviews

Product designer and maker MELANIE ABRANTES runs her own wooden spoon carving workshops in Oakland and sells her designs in small shops and retail stores nationwide, including Urban Outfitters and West Elm. She's been featured in Martha Stewart Living, Anthology, Domino magazine, Dwell, and Bon Appétit.

This is a great little book for beginner whittlers. I love that the book is a small size and hardcover. The photos included are clear, beautiful, and helpful. The author comes across clearly with her instructions and passion for this art form. She emphasizes that whittling is both just as rewarding as it can be dangerous. The book includes easy, intermediate, and hard projects and also includes

some simple patterns in the back that you can follow. If you're looking for a new hobby or something to do with your fidgety hands, this may be the very thing for you! I received this book from the publisher but was not required to leave a review. All opinions expressed here are my own.
