## Customer Reviews

Hi, my name is Ben Lam. I was born in Hong Kong in 1992. I came to U.S at age 14, year 2007. I

did my Freshman and Sophomore Year in Philadelphia. I did my Junior year in High School. And I did my Senior Year in New Utrecht High School of New York. Now, I am studying business administration in college. I currently 21 years old, living in Brooklyn, New York. On my free time, I like to jog, exercise, hang out with friends, explore new experiences. Topics I like to learn are psychology, marketing, biography of famous people, humor, self-help ,etc. I enjoy learning as much as I enjoy sharing. In the future, I would expect myself to write more books on these topics that I am interested in. My first book: Cold Reading: Unleash Your Psychic Within and Read People Like A Book. Hope you all enjoy reading!! Ben Lam, --This text refers to an alternate Paperback edition.

There are many unexplained phenomena in this world. I have my suspicions about many, especially on psychic ability. I remember in the early 90s when ads from psychic groups dominated TV. Then they mysteriously disappeared of the tubes. I heard one of them even went bankrupt. I guess they didn't see that coming. However, I have always been intrigued by so called psychics Cold reading is similar to mentalism and once you understand human behavior, especially building rapport, the rest will come easy. I suggest you read that section thoroughly because if you don't build rapport so that your subject trusts you enough to provide you with the info to pick their brains then it's pointless trying to use any of the suggestions the author points out in this book.

This was my first time reading a book on psychic development and this book makes me want to delve deeper. I recommend this book to people who want to learn about palm reading or psychic development. I am giving this book a high rating because The author was very informative, I feel like I learned so much from this book.

very general information

I have an ability to do palm reading but not that expert. I wanted to improve that skill and wanted to learn more but I know I have to consult and learn from some experts on how they do it I buy this book out of curiosity and I get as much as I expected. I have learned not only Palm reading but also how to read people by reading their body language.

I have always been a fan of psychics reading other people's minds and have been wondering how they do it or do they have some sort of power to do it. The book answers all our

questions about psychics and the answer is No, there is no power needed to be a psychic which made the book more interesting because it gives specific instructions and details on how to be a psychic or a person reader and also gives the benefits of reading the book. What I enjoyed more in the book is when the author discussed about understanding body language and what it means. It made me realize that I can use this in real life situations to gauge other people's interest, if they disagree on some topics or if there are signs of dislike. Truly a good book to have.

Not what I expected.

THIS IS AN EXCELLENT BOOK THEIR'S A LOT OF KNOWLEDGE IN IT.

good job
