Speed Reading For Entrepreneurs: Seven Speed Reading Tactics To Read Faster, Improve Memory And Increase Profits

Synopsis

Learn To Process Information Faster Than You Can Speak and Hear Speed reading is a communication skill that can shave hours of work off of almost anything you do in life. This "niche" skill has been around for hundreds of years but in recent years it has resurfaced as a relevant life hack skill. Whatever your reason for learning to speed read, whether you are reading books, newspapers, reports, memos, letters, or emails, Speed Reading is a skill that will give you a tremendous edge. Instead of staying later at the office to read through another manual or report, save time by reading faster and get out of the office. Use your spare time to read more books - in less time. Why Speed Read? Not only can speed reading save you hours of time during work, but also it can increase comprehension. Learning to speed read is learning to visualize information with a new perspective. By analyzing and envisioning words more efficiently one is able to grasp the meaning and consequently, read faster. As a final benefit, this method of interpreting words actually helps to improve memory retention from reading. These speed reading tactics will help entrepreneurs, business owners, politicians, and professionals save time churning through the never-ending, yet essential reports, documents, and emails essential to their business bottom line. You Will Learn The 7 Tactics To Speed Read Faster Tip 1: Choosing material selectively Tip 2: Main ideas and summaries Tip 3: The 80/20 rule Tip 4: Increasing reading speed Tip 5: Speed drills and why you should do them Tip 6: Maximizing retention Tip 7: Taking notes: how, when, and why Buy this book to learn essential speed reading tactics that will help save time, improve memory and increase profits.

Customer Reviews

Great book for me. I've always found myself buying more and more books that I truly desired to read and implement into my projects, however I found I just never had the time to read them all--or at least never as quickly as I could buy them!!

I found techniques in this book very handy. Fast reading is definitely something everyone who is studying should practice and besides that it is not that hard at all. Very clear tips given. Happy to recommend.

Great material! Initially I thought speed reading is fine but would I have enough time to comprehend what I am reading. I gained some valuable knowledge from this book as I do book reviews on a regular basis and I am beginning to have a backlog so these tips will help me a great deal.
