The Betta Bible: The Art And Science Of Keeping Bettas

Synopsis

Everything you wanted to know about bettas in one place The Siamese fighting fish *Betta splendens* (commonly known as the betta) is one of the most attractive and popular tropical freshwater aquarium fish of all time. Despite this, newcomers to the hobby often struggle to find the information they need to truly master keeping and breeding this spectacular fish for themselves. In *The Betta Bible*, Dr Martin Brammah combines the collective knowledge of some of the world's most well-respected betta enthusiasts with his own hands-on experience of keeping and breeding bettas, in order to put all of that information within your grasp. Over 300 pages long and containing more than 150 colour photographs, *The Betta Bible* covers every aspect of the hobby, from taxonomy, anatomy and history right through to the various types of betta, how to breed them and their genetics. Whether you are thinking of buying your first betta, or simply looking to improve your betta breeding skills, this book is for you! A must-read for both the novice and more experienced betta hobbyist alike.

Customer Reviews

This book has inspired me to try and raise Betta fish! It really has everything one would need to know about keeping and raising these fish!

Just what I needed. I wanted something a bit more comprehensive than my other Betta books.

A++++

Very informative great pictures and just a fountain of knowledge about Bettas a must have for all levels of betta hobbyist.

Everything you need to know.

Excellent book!! Good information for the beginner and expert

Thoroughly love this book! Well laid out and well researched. I love the fact that Dr. Brammah discusses each type of Betta as a breed, as each is different and unique with their own quirks and descriptions. This really is a book for anyone serious about Bettas and Betta breeding. The photography is also top notch, with some truly stunning photos.

Fantastic book- just what a Betta lover and Betta owner needs to read. Lots of great information for keeping a happy healthy Betta. Beautiful color photos. The seller shipped very quickly and well packaged too.

Very helpful for betta owners, breeders, and hobbyists. This book covers just about everything, includes pictures, personal experiences, and a little bit of humor. Some topics include breeding, feeding, genetics, life span, tail types, colors, setups, etc.
