This book has a lot of sayings that make you stop to think. They are just what you need to hear after a bad day, coloring these pages while reading these sayings bring a sense of calm to me. This book is perfect for anyone who is trying to reach their goals, or someone that is super stressed out. I love this book and every single page in it!

Some are great pics, some not

This book is awesome.

Great!!

Great pictures and sayings!!!

I bought this for a friend who is currently studying for the MCAT and preparing to apply to medical school. I felt like she needed some inspiration. This coloring book (from what I glanced over before gifting it to her) is very inspiring and really cute. All the pages have cute sayings so you have inspire yourself while you color around the quotes. She loved it too!

This book is not overly detailed. And has some great saying in it. Highly recommend.

I've really started to get more and more into adult coloring books lately. I bought this one kind of last minute before going on a cruise for a week. I was going to be at sea for a few days and wanted something to kill time and relax on the ship. I was traveling with 10 family members and was DEFINITELY going to need to get away and de-stress. All I can say is thank the gods I had this book with me. One of the things I really liked about this book as opposed to other adult coloring books on was that the quality of the designs was fantastic and everything was uniform in terms of design size and page coverage. The uniformity appeases my OCD. So many books I buy have differently sized/shaped drawings on each page and have poor quality images. Pixelated lines are the devil. This book is heaven. I worked on this book for hours and hours and finished only 2 pages. In my mind, that is money ridiculously well spent. This book will keep me occupied for an insane amount of time. The details, while complained about by others, I thought were just fine. The greater the detail the more meditative it was for me I felt. Certainly not a con. I will definitely be keeping my eye out for more!!!
