## Customer Reviews

This is by far the best Shabbat Siddur money can buy! It has all of the Torah, Haftarot, and a FULL COMPLETE SHABBAT SIDDUR. And I mean full: zmirot, havdalah, kiddush levana, all relevant MiSheberachs, etc, etc. Based on the picture, I was expecting the older edition (the blue one above), but they shipped a new expanded red one that is entirely inclusive of everything one would need for Shabbat davening. Bravo, Koren, Bravo!

This was not what I expected- I was expecting a Torah with nikkud and teamim for chanting practice with Sefer Torah Scroll font on opposing page. I may not have read the description good enough. That being said- I was at first disappointed, but as I looked through the book I became very, very much in love with it. It has the Torah and Haftoras, as well as a Shabbat Siddur built right in. It is compact, and very easy to follow, unlike complete Siddur where you have to hunt things up, and then find your Torah. It makes Shabbat a lot more simple- especially for me where there is no shul to attend and Shabbat is done at home. Highly recommend this edition!!!

Excellent publication. Everything you need in one volume.
