More Than A Panther (Shifty Book 2)

Synopsis

"I was always the strong one. I was independent, determined, and willing to do anything to get what I wanted. I'm not that girl anymore. Everything started to change when I ran from both my family and my mate." Savanna has been on the run from her family and her soulmate for the last 8 months, but everything changes when she goes back to her hometown for a funeral. A confrontation with the mafia (who just so happens to be her brother) goes south, and her soulmate is the only one who can protect her. Will she let him keep her safe, and will she let him into her heart? Only time will tell.

Customer Reviews

This is the second book in the series and I can't wait to read the next. It is light and entertaining.

I loved LOVED LOVED this book and I'm making it a point to read the series. I love the attitude of this GIRL PACK. They were friends for life no doubt . I would highly recommend these books for high school. Maybe some of the bullying would stop. I think it would nice to have a soul mate out there somewhere That way girls could concentrate on the path what ever it is and not worry about trying to impress some guy. Keep writing. Love your work Mkeith Howard

What can I say. I really love the fact that we get to see different point of views from the different shifters. The first book was of a wolf shifter named Leah and this book was of Savannah who is a panther. I loved the danger, the action and the fact that these strong willed women figure out they're "mates" make them a better person. Which is what love is all about anyways right? I won't spoil the story but it is a quick easy read and I can't wait for the next chapter of Marley!!!!

The heroin is Entitled, whiny, narcissistic, and lacks focus. "Really "Let's Build A College, "RAHH! RAHH! RAHH! go team go! What was that some type of a joke? I know it's fantasy but come-on! Like they have access to an entire town that they can just use as they please. And don't get me started on the MAFIA, lets just say that (THE MAFIA) they should grow a set!

I love this series of shifter stories. In them, shifters have "come out" to the world. A group of 9 girls, who are each a different type of shifter, plus their human friend have gotten together to make a YouTube channel explaining shifters to the rest of the world. The first book was about a wolf shifter, this book was about a panther, and the next book is about a bear. These girls really want to make a difference in the world and they do it! I can't wait for the next book!

I'm glad she got her happily ever after in a way i wouldn't have seen coming I can't wait to hear about the rest of the shifty girls!

Sara Summers books are amazing. I was hooked right from the beginning with the first Shifty Book.

I am anxiously awaiting the next book in the series! ÆfÂçÃ Â•Ã Âª

This story is full of drama. Just when one problem is solved, more appear. There is no happy ever after.
