# Human: A Portrait Of Our World

## Synopsis

Over the past three years, Yann Arthus-Bertrand and the GoodPlanet Foundation have gathered more than 2,000 interviews in 70 countries, while capturing portraits and aerial photographs. *Human* explores fundamental themes—Justice, Tolerance, Poverty, War, Happiness, and more—and each chapter includes excerpts from interviews and essays written by eminent journalists and human rights activists. The book will launch simultaneously with the movie, which will be distributed worldwide for free, with screenings at the United Nations in New York as well as in major international cities. With its collection of inspiring, spectacular images, allied to the unforgettable testimonies of mankind—*Human* is a landmark achievement in documentary film and book publishing, a compelling portrait of humanity at the beginning of the 21st century.

He is the chairman of GoodPlanet Foundation, a nonprofit association for the promotion of sustainable development, and the director of the documentary film *Home*.

Fantastic! beautiful book about as many forms of humanity as one is able to think of. Please also see the videos on YouTube --"free" there. Some of the best videos I've ever seen... Incredibly moving and touching... As were these pictures, and the stories contained in the book. This is why

we live! This is what we live for! --This is what we strive for! --This is also who we are. What it means to be human! What it can mean to be human!

BUYER CAUTION. This edition is in GERMAN. The link to other buyers from the ENGLISH VERSION connected us DIRECTLY to this seller. The writing on the picture is small and the wrong assumption was made that it would be in ENGLISH. Not until returning did we see in the fine print below that the language is German. A beautiful book in any language. But you will definitely want to be able to read it and enjoy the powerful stories and graphics that the author includes. We have gifted this to teachers, travelers, graduates etc. and this was to be our own copy for our coffee table.

Gorgeous photos and well-thought-out chapters. This book brings together current research, interviews and thoughtful insights about a variety of very "human" issues - war, women's rights, justice, etc... A way to dive deeper after being inspired by the editor's excellent films by the same name.

The video is a cinematographic delight (not included) and this soundtrack is a wonderful eclectic mix of beauty and haunting tracks creating emotions of humanity where one is engulfed with the journey of the world without freedom and abundance in its various forms...The vendor was terrific in their delivery of the item!

As expected

This is a truly inspiring series. The cinematography is stunning and the message uplifting.
