Many mathematical mistakes - inexcusable; don't waste your money on this inferior book.

I am a big fan of Upper-Level ISEE by Tutorverse. Love how they have ample practice questions, relevant reading comp section (it's a lot better than success on the middle level test book by Abbott

or the pink Ivy Global Middle Level Diagnostic Tests though!). However, Middle Level is not as good as upper level. Some synonyms are too ambiguous. There is no way it can be a match. After finding couple of them on diagnostic, I was hoping that other pages will be better but no. I am hoping Tutorverse will come up with an upgraded edition.

Great value for the price! Easy to follow answer guides made studying much easier. Would definitely recommend and will look to buy the SAT book when the time comes.

We only had three weeks to prepare so we bought this book and went through most of it. My daughter said the test was easy.

Highly recommend. Helped improve my kid's score and get placement in a top school. Best \$30 I've spent in a long time.
