# Date Me

## Synopsis

A Sex Me Novella Erik Murphy, bad boy pilot, has everything figured out, or so he thinks. His ex is getting married. He needs a date. Two meddling sisters and One dating app later, Erik finds himself in a whirlwind of online dating. Will he be able to find a date in time? Will he find something more instead? Kayla MacPhearson thinks her best friend Belinda Hittle, an extreme introvert, needs to spice up her dating life. Kayla hooks her up on a dating app and sits back to watch the sparks fly. What happens when it all doesn't go as planned? Will these two find love? This standalone book features a HEA, no cheating, and no cliffhanger.

## Customer Reviews

I knew from the first sentence Date Me was going to be special. And what followed that first sentence was pure magic. Erik Murphy needs a date for his ex's wedding, so his sisters, who I ADORED, decide to help by putting him on a dating website. Eeeek! Erik unexpectedly gets entangled in a bit of a triangle, and I have never been so torn. I loved both girls, Kayla AND Belinda. Which is RARE. I don't handle triangles well, because I'm usually set on one person and then that person loses. Grrr. And then I get mad. Not this time, I liked both girls. They were

written so well, I couldn't pick between them. Thanks a lot! And did I mention the girls were BEST FRIENDS. Ugh. I didn't know what to do! And neither did Erik. Date Me set up the question: looks or personality? It was an intriguing glimpse into the dilemma Erik found himself facing. It actually made my brain hurt thinking about it. Who do you choose when you have unexpected and undeniable attraction to one girl but the other you are connecting with emotionally? I'll tell you, I gravitated towards Belinda at first. Their cute messages were one of my favorite parts of Date Me. You can't discount connecting with someone on that level. BUT, oh my god, Kayla was more than just a pretty face. She had depth underneath that gorgeous exterior. I found myself feeling bad for her that he was sexually attracted to her. Pretty people can have a personality, too. Give her a chance, Erik! But don't forget about Belinda! She has cookies and you want that cookie. See my dilemma? See Erik's dilemma? I hate choosing! I can tell you this| I found myself being open to a threesome, if that's what it took for everyone to get a happy ending. Gasp. Erik also turned out to be more than the hot pilot. Thank god. Much more. I loved his sense of humor, and the banter with his sister's made me laugh out loud. His messages with Belinda showed he had a vulnerable side, too. And he won my heart over a tiny detail. He asked one of the girls if she wanted to talk about her bad day. My heart pitter pattered all over the place. And he was SEXY. Date Me was so hot it burnt my fingertips sliding the page over. My goodness, Erik. I bet your fingertips caught on FIRE sending those sexts. And you sure know how to use whip cream. Whoever said whip cream was meant for pie LIED. And no, pie is not a euphemism. Well, actually, I guess it is. Because Erik is NAUGHTY. Soon, Erik finds himself becoming deeper entangled with both girls, and how this would end well, I had no clue. Cause, Erik, best friends! Eeeeeek! I really can't tell you much more without spoiling anything. Sorry. You'll have to read and find out how all of this played out for Erik. Logan Chance really captured something special with Date Me. I read this in one sitting, start to finish, completely engulfed. Date Me may have been a novella but it definitely didn't lack any detail, humor, emotion, or heat. Just ask my burnt fingertips. If you're looking for a 5 star read, you definitely need to read Date Me. And here's a little tip: If you burn your fingertips reading, whip cream soothes them. xo

Date Me by Logan Chance is a witty, sexy read that will keep you madly turning the pages, while questioning if polygamy could actually work! So, the premise is that Erik needs a date for his ex's wedding. Seems simple, right? Well throw in 2 meddling sisters (the hilarious Marley & Lexi), a dating app, 2 beautiful women and suddenly things aren't so straightforward! Kayla and Belinda are

both great female leads. They are smart, funny, sexy and very likeable. Which means that we are able to relate to the struggle Erik experiences, while trying to choose between these two captivating women. The story flows with ease, and as it progresses I definitely did start to root for one of the girls. And while a love triangle storyline can sometimes be tricky to navigate, the author has handled it with skill, leaving you wanting a happy ending for all three leads and providing a satisfying ending. I am a big fan of Logan Chance's writing, and especially of the heroines that he writes. They are strong, intelligent characters who hold their own against the male leads. However they still maintain a sense of vulnerability that makes them relatable. These are the type of women that I want to read about, and Logan Chance writes them beautifully. A five star read that I highly recommend.

Date Me is a sweet, funny, and sexy read that will have you stuck to your kindle/e-reader. Erik is a sexy kickass pilot who gets put on a dating site by his two meddling sisters who want him to find a date to his exes wedding. Kayla and Belinda are best friends who run a bakery together. Kayla sets Belinda up on the dating site as well hoping to help her find someone special to love. What happens when Erik meets the two of them separately without knowing they are best friends. To find out you should go and ONE-CLICK this book!!!

Date Me by Logan Chance Great book and one that I thoroughly enjoyed reading, it was fun to read. The unique method of these character meeting had me eager to get to the next page. We see ads for dating sites all the time it was refreshing to read a book that used this method of dating. You never know who you are going to meet or even who the person is on the other end of the text messages. Erik is a pilot who flies a private jet for a family. He was heartbroken when his long-term relationship ended and now he has been invited to his ex's wedding. What will he do? He isn't seeing anyone who is he going to take to the wedding. Leave it to his sisters to sign him up for a dating website to find him a date. He manages to find one that is interesting but there isn't a spark. Now what? Meet Kayla and her best friend Belinda are owners of a bakery. Kayla believes that Belinda needs to get out and find someone so she signs her up for an on-line dating app. Low and behold Belinda and Erik end up talking to each other through the app. This is where things get a little tricky, I'm not going to spill the beans at all but things get very complicated. We learn Belinda isn't the one answering Erik's text messages and Erik is eager to continue talking with Belinda and starting a relationship. Guess what that is not what happens. You are going to have to read to unravel this mystery. If you enjoy a light hearted read that will have you happy and content then this is a good choice to read.
