# Eternity (Fury)

## Synopsis

Secrets and revenge make for desperate measures and fateful choices in this gripping conclusion to the Fury trilogy. The weather is mild in Ascension, but beneath the surface, everything is burning up. The nightmare Emily Winters has been living through for months shows no sign of ending, as the Furies stay on the peripheral, slowly driving her crazy. Em feels...different. She's angry, and never cold, and too strong. It's only a matter of time before she turns into the thing she hates the most. Em needs to take her fate into her own hands, but without Drea's help, or anyone to turn to, Em is quickly running out of options. Crow's involvement with Em has grown more complicated. His visions are taking shape, and it doesn't look good for Em. But Crow has a plan, and he will do anything to save her. Anything. JD misses the Em he used to know...and love. She doesn't seem like herself; it's like she's hiding something. When JD begins to learn the truth, he is as scared as he is determined to help her. And Em's survival may be dependent on his actions. The Furies love to play games, but this time they're deadly serious, and they hate to lose.

## Book Information

Series: Fury (Book 3)

Paperback: 336 pages

Publisher: Simon Pulse (September 3, 2013)

## Customer Reviews

The Furies are no longer content with vengeance; now they want to destroy the town of Ascension in this third title in the Fury trilogy. Using the high school's production of a Greek tragedy as a backdrop, this final installment still has plenty of secrets to reveal, as Emily has only days to unbind

herself from the Furies or become one of them. JD, who also knows about the scorned temptresses, is fighting for Emily's freedom as well and a chance to finally begin a romance that was always meant to be. If only Fury Ty didn't look so much like Emily when she tries to seduce JD and didn't have plans of her own, including becoming human again. This fitting conclusion smoothly wraps up a high-interest series. Grades 8-11. --Angela Leeper --This text refers to the Hardcover edition.

Well, I can't really write this review without spoilers, so.... you've been warned...(that mean's there are spoilers ahead)\*SPOILER REVIEW\*I'll just start off by saying the JD and Em getting back together really made me happy (although JD was pretty annoying..!).I really enjoyed the whole finale of the Fury trilogy. The only thing that really bothered me was how Eternity ended. It just seemed too easy to kill the Furies, when Em has technically spent three books fighting them, when they "died" (?) so quickly. The ending wasn't even very clear: Em claims herself that she wasn't sure what just happened when her and JD got rid of the Furies.Fury is still one of my favorite trilogies of all time, though.Hope to read more from Elizabeth Miles soon!

I honestly loved this book I just started this series in the middle of 8th grade and flew through the first one and the second one I was freaking out and I can't believe that this series is over:( it will definitely be missed hopefully we get to read another great story from Elizabeth Miles and I know that a bunch of my friends and I adored this series

I really loved this series!! I found this book in a small bookstore in a shopping center near my house and I was hooked. I had to read all of them. I really enjoyed this story and found myself rooting for all of them and in the end I got what I was looking for in a book. Thank you so much

I like the Fury trilogy. I gave the book 4 stars because the story line was a bit long. It was a bit long on explaining why the furies are in town and trying to get to the bottom of the story. I still like the book. as always I love Em Winters and her life as a high school teen

Not all sequels can live up to the first in the series but this one does. A person can truly relate to at least one or more of the characters. Very exciting from page one to the very end.

Gift for my granddaughter for Christmas and she is thrilled.

This was a wonderful book that ends the trilogy of the Fury Series. Emily Winters made a mistake and hurt her best friend which caused the Furies to notice her. She's had the Furies on her trail for months now and she's also changing becoming more like the Furies. Drea died trying to save and protect Emily so now she is going to have to find another way to rid herself and the town of these girls. Emily is a really good person but she made a mistake that hurt someone she loved and now she has to live with that. She is trying to find a way to defeat the furies for herself but she also doesn't want others to be killed or hurt from them. She loves JD but she had to do what she could to protect him even if it means that she becomes the thing she hates. JD is a wonderful guy that would be considered the dork. He loves Emily but she has been so different that he hasn't known what to make of it. He loves and takes care of his little sister. He's smart and he pays attention. This book and series is definitely worth reading.

I really enjoyed this for the last book...I liked how it played out...And glad that em and j.d are together
